# Europe | Response to Ongoing Russia-Ukraine Conflict (S//RELID)

As of 2 Mar, European countries have continued donating lethal aid to Ukraine. Some have sought alternative avenues of support to the Ukrainian Armed Forces (UAF), such as training, as they approach stockpile depletion. Some allies, including the UK and France, want to train Ukrainian pilots and are considering sending fighter jets in addition to tanks. The EU continues its effort to train 30k UAF soldiers over 2 years as part of its Military Assistance Mission for Ukraine. The following describes the assessed positions of select European and NATO countries. (S//NF)

## Kiszivárgott dokumentum tartalma:

A „Szigorúan titkos!” minősítésű jelentésben szereplő „Bizalmas!” minősítésű információ szerint „a magyar miniszterelnök, Orbán Viktor február 22-én egy politikai stratégiai ülésen az Egyesült Államokat jelölte meg pártja első három ellenfele egyikeként”. A CIA az információ forrásaként az USA budapesti nagykövetségét jelölte meg és kommentárként hozzáfűzte, hogy mindez az Amerika-ellenes retorika szintjének növekedését jelenti a kommunikációban.

## Washington Post

„Két dokumentum állítólag a CIA Műveleti Központjától származik, és információkat tartalmaz Oroszországgal, Magyarországgal és Iránnal kapcsolatos eseményekről.”

## Yahoo News

„Orbán Viktor Magyarországa az USA-t tekinti Magyarország egyik legjelentősebb geopolitikai ellenfelének.”

## The Economist

„Az amerikai hírszerzés nem csak az ukrán tábornokok után „szaglászott”, hanem további tisztviselőkről is gyűjtött információkat Magyarországon, Izraelben, Dél-Koreában és a Nemzetközi Atomenergia Ügynökségben.”

## Politico Europe

„Magyarország titokban hozzájárulhat ahhoz, hogy szövetségesei a légtérét használják az Ukrajnába történő fegyverszállításra. A dokumentumok alapján ukrán pilóták a magyar légtéren keresztül repülnének Horvátországból Ukrajnába a részükre adományozott helikopterekkel.”

## Jutarnji list

„Nem hivatalos információk szerint az Ukrajnának szánt helikopterek közül három már elhagyta Horvátországot.”

(Megjegyzés: ilyen információ nem szerepelt a kiszivárgtatott dokumentumokban)

## Kiszivárgott dokumentum tartalma:

„A Horvát Fegyveres Erők 14 darab Mi-8 HP típusú helikopter szállítását tervezik Ukrajnába idén márciusban, melyből 7 már jelenleg is bevetésre kész. Az ukrán pilóták a helikoptereket a magyar légtéren keresztül tervezik szállítani”. A dokumentumban az is szerepel, hogy Magyarország részéről nincs politikai szándék halálos fegyverek átadására.
